The reception given by the Alumni Association of the Montgomery High School at Johnson's hall Saturday night was a most enjoyable event and something of an innovation for an alumni reunion, being a refreshing change from the orthodox banquet. About 75 members of the Association and guests were present, and the program consisted of short talks by the president, H. S. Jacks, R. S. Paul and C. C. Collett; a vocal solo by Miss Jeanie Deans Muns and a charmingly rendered reading by Miss Pauline White, concluding with a pantomime, excellently portrayed, in which Dorsett V. Graves and Miss Flora Baker carried the star parts most successfully. Refreshments were then served by Eugene Holmes in his best style. Altogether, the occasion was pronounced one of the most pleasant reunions the Association has ever held.

A Regular Tom Boy

was Susie—climbing trees and fences, jumping ditches, whittling, always getting scratches, cuts, sprains, bruises, bumps, burns or scalds. But laws! Her mother just applied Bucklen's Arnica Salve and cured her quick. Heals everything healable—Boils, Ulcers, Eczema, Old Sores, Corns or Piles. Try it. 25c at Crump & Kidwell.

Food Values in Vegetables.

The maligned onion belongs to the life family and contains priceless elements of health and nourishment, especially to nerves and blood. The turnip, also, has medicinal and food virtue, though it is not so nourishing, containing, like cabbage, over ninety per cent of water. The yellow turnip is considered a mild nervine. The unpopular carrot is almost miraculous as a blood purifier, and French women consider it as important as any cosmetic. It has, also, undreamed of possibilities of preparation. Calling things by other names sometimes helps matters, or making fashionable by favor of the famous. In Ceylon they term okra "ladies' fingers;" the vegetable marrow of Europe is virtually the same as our Summer squash, but is used in, to us, unheard-of ways. Mr. Luther Burbank has improved the "pieplant," and his new crimson winter rhubarb is a wonderful thing. But in the ordinary type of these stalks there are riches of oxalic and malic acids, the value of which the physicians of the world have always recognized.—The Delineator for June.

An Unwelcome Visitor.

On last Thursday Leslie Pethy (col.) of Calaway County called at Hattie Avery's house also (col) presumably to pay Hattie's blind daughter a visit. When he left he took their only time piece a watch and chain with him. Sheriff Earnest caught him Tuesday in Callaway with the goods on him. Pethy pled guilty to the charge of Petit Larceny before Justice Gentry and fined \$25.00 and cost which he paid.

Agreed to Leave Town.

Lulu Britt (col.) whose house was sold last week under Trustee Sale, and which was bought by Aunt Julia Hawkins got on a rampage and out of malice hurled old jugs, buckets and other missiles through the windows of another house of Aunt Julia's. She was arranged before Squire Gentry on a charge of malicious Destruction of property and pled guilty, she paid a fine and costs and agreed to leave town. The officers have at different times been annoyed by the antics of this woman and it is a good thing for the community that we are rid of her.

Roy For Congress.

President Taft, Gov. Hadley and the tariff bill were commended, Senator Warner was endorsed for re-election and Reuben F. Roy for nomination to Congress at the meeting of the Ninth District Republican Congressional Committee Monday at the Rozier Hotel St. Louis.

Reuben F. Roy, former circuit Judge in the Tenth Circuit, composed of Pike, Marion, Rolla and Monroe counties, was endorsed for Congress to make the contest against Champ Clark, present minority leader in the House of Representatives. Judge Roy was born in Marion County in 1854 of Virginia parentage. He was educated at the Shelby High School and taught there later. He was admitted to the bar at New London and was elected circuit Judge in 1892. Since the expiration of his term he has practiced law at New London. He made the race against Clark in 1908 and cut the Democratic majority of 3000 to 1300. Politicians from the district declare that had it not been for the Folk-Stone senatorial contest Clark would have been defeated. The resolution endorsing Judge Roy is as follows:

ROY'S 1908 RACE COMMENDED.

As an evidence of our faith in his ability to win and in view of the splendid showing he made in 1908, we have no hesitancy and take pleasure in recommending Reuben F. Roy to the people of the Ninth Congressional District as our candidate for Congress and in the event of his acceptance of the honor, we, members of the Republican Congressional Committee, hereby pledge to him our united support and resolve to do everything in our power to bring the proper man to bear on our National Congressional Committee, to the end that they may lend us the aid needed in redeeming our splendid district, so long misrepresented.

Judge Roy, at the meeting, declared he considered the time opportune for carrying the district.

The Committee endorsed and commended the record of W. L. Morsey as United States marshal for the Eastern District of Missouri, and were unanimously in favor of his reappointment to that office.
